

This map displays the geographical distribution of 8 clusters of points across the Herrenacher and Studen BE regions. The points are color-coded based on their density, with a gradient from purple (lowest density) to red (highest density). The clusters are numbered 1 through 8, corresponding to the legend. The map includes various street names such as Herrenacher, Studen BE, and several local roads like Zühlweg, Langackerweg, and Schaftholzweg. The background shows a mix of urban areas and green spaces.
