

A detailed map of Zurich, Switzerland, illustrating the spatial distribution of 22 distinct clusters of urban greenery. Each cluster is represented by a unique color and a circled number from 1 to 22. The clusters are distributed across various parts of the city, including areas like Hirslanden, Kriesbach, and Hirslanden Herzzentrum. The map also shows major roads, water bodies, and landmarks such as the University of Zurich and the Swiss Epilepsy Center. The legend at the bottom identifies each cluster by its number and corresponding color.
